Department for Environment Food & Rural Affairs

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

08/12/25

1.2 Planning application reference number

R/2025/0326/CA

1.3 Local planning authority (LPA)

Redcar & Cleveland Borough Council

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

The Old Parish Hall, 95 High Street West, Redcar, North Yorkshire, TS10 1SF

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

Redevelopment of the site, demolition of existing garage and change of use from dwelling to a care home to include external alterations.

2. Developer details

2.1 Applicant name

Nicholas Astaire

2.2 Company name

Cora Childcare Ltd

2.3 Address

C/O the agent HG3 1RY

2.4 Email address

nick@corachildcare.co.uk

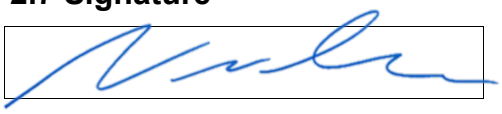
2.5 Telephone number

07976161717

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature



2.8 Date

08/12/2025

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Katie Belbin

3.2 Company name

Arbtech Consulting Limited

3.3 Address

3, Well House Barns, Bretton, Chester CH4 0DH

3.4 Email address

katiebelbin@arbtech.co.uk

3.5 Telephone number

07842416966

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

Katie Belbin

3.8 Date

24/11/2025

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

☒ Yes
☐ No

4.2 If no, what earlier date did you agree with the LPA?

N/A

4.3 How have you met the guidance on 'what counts towards your BNG'?

Find out what you can count towards a development's BNG

BNG was conducted in accordance with the guidance.

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

The pre-development habitats are of low distinctiveness, with any removal of habitats necessary to facilitate the proposed works, including the creation of hardstanding and vegetated garden. Hedgerows have been retained where possible and hedgerow creation will occur post-development.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

☒ Yes
☐ No

4.6 How will you achieve the target net gain percentage?

☐ On-site
☒ Off-site
☐ Both

4.7 Are any of your on-site enhancements considered 'significant'?

Find out what counts as a significant on-site enhancement.

☐ Yes
☒ No

4.8 If yes, tell us about the significant on-site enhancements
Include the appropriate planning condition or how you've secured the habitat.

N/A

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

0.03

4.10 Explain why you're using off-site biodiversity units
Only answer this question if you're planning to use off-site biodiversity units (250 words).

There is limited scope on the site, and this requirement may not be achievable either within the red line boundary or on adjacent land under the current arrangements. The size of the proposed development area and the small amount of soft landscaping available within the parcel restrict what can realistically be delivered. The site currently consists of developed land and a vegetated garden. Within the garden area, higher-distinctiveness habitats cannot be provided, as this space will be shared by residents of the new flats and will not be managed by a dedicated landscaping team.

4.11 Explain why you're planning to use statutory biodiversity credits
Only answer this question if you're planning to use statutory biodiversity credits (250 words).

N/A

4.12 Do you have a habitat management and monitoring plan?
☒ Yes
☐ No

4.13 Have you used the statutory biodiversity metric tool?
☒ Yes
☐ No

4.14 Biodiversity metric calculation
Send your biodiversity metric calculation to the LPA and enter the file name.

B-RDCR2505-MST-V02 - TS10-The_Statutory_Biodiversity_Metric_TS10-1SF- EB Complete

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

PEA-PRA - The Old Parish Hall, TS10 1SF

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

PEA-PRA - The Old Parish Hall, TS10 1SF

BNG The Old Parish Hall, 95 High Street West, Redcar, North Yorkshire, TS10 1SF 18-04-2025

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

BNG The Old Parish Hall, 95 High Street West, Redcar, North Yorkshire, TS10 1SF 18-04-2025

Proposed Site Plan - 2503-P-001 (Monument Design + Build, 2025)

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

☐ Yes
☒ No

Consenting body

N/A

Reference number

N/A

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

☐ Yes
☒ No

5.2 Have you submitted an approved compensation plan?

☐ Yes
☒ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

10/02/2025

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

The survey was completed outside of the optimal survey period (April to October) limiting the identification of ground flora species. However, given the limited value of the habitats present within the site, it is considered that the survey undertaken provides a robust assessment of the ecological baseline value of the site.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.05

Number of hedgerow biodiversity units

0.04

Number of watercourse biodiversity units

N/A

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.03

Number of hedgerow biodiversity units

0.04

Number of watercourse biodiversity units

N/A

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

-0.02

Area habitat biodiversity units % change

-37.79%

Hedgerow biodiversity units

0.00

Hedgerow biodiversity units % change

0.00%

Watercourse biodiversity units

N/A

Watercourse biodiversity units % change

N/A

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

☐ Yes

☒ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

N/A

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

The purchase of 0.03 biodiversity area units is required in order to achieve a +10% Biodiversity Net Gain (BNG) for area-based habitats. The purchase of 0.01 biodiversity hedgerow units is required in order to achieve a +10% BNG for hedgerow habitats.

7.2 Biodiversity gain site register reference number

HARR11: BNGREG-6AU8Y-AH92H

DARL01: BNGREG-BC3MQ-AKZEQ

BGS-101024002

BGS-140225001

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

Off-site units will be maintained and managed by Environment Bank.

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.01

Number of hedgerow biodiversity units

0.00

Number of watercourse biodiversity units

N/A

7.5 Total biodiversity value post-intervention

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.03

Number of hedgerow biodiversity units

0.02

Number of watercourse biodiversity units

N/A

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

0.03

Area habitat biodiversity units % change

16.60%

Hedgerow biodiversity units

0.02

Hedgerow biodiversity units % change

36.89%

Watercourse biodiversity units

N/A

Watercourse biodiversity units % change

N/A

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

☐ Yes
☒ No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

A1

A2

N/A

A3

N/A

A4

N/A

A5

N/A

H

N/A

W

N/A

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

N/A

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

N/A

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the statutory biodiversity metric user guide.
