Comment

Comments:
Although we do not live in the immediate area, we are close family members of residents who live in close proximity to the proposed development. We are concerned about the significant potential impact that an intensive pig farm could have on their home and day-to-day quality of life, particularly through odour, noise, increased heavy traffic, air-quality impacts and disturbance. We are especially concerned about the effect these impacts could have on a family living so close to the proposed site and their ability to enjoy their home and garden. We respectfully ask the Council to give careful consideration to the potential impact on these nearby residents and to ensure that the proposal would not result in an unacceptable loss of residential amenity or harm to the surrounding environment.

Case Officer:
Mrs H Conti
